

Naperville Park District 2017 Goals and Capital Projects

2017 GOALS

The Naperville Park District Board of Commissioners and staff agree on the following 2017 goals to be successfully completed by year's end:

1. Community Interest and Opinion Survey

In 2017, the District will complete the Community Interest and Opinion Survey, which will provide the framework for the District's future direction.

2. 2018-2020 Strategic Plan

A Strategic Plan is slated for development following the completion of the Community Interest and Opinion Survey. Community input gathered from the survey is expected to assist with formulating the Strategic Plan and vision for the Park District, spanning the 2018-2020 planning horizon.

3. Master Plan

An update to the organizational Master Plan that takes into consideration the Community Interest and Opinion Survey findings and Strategic Plan goals and objectives is scheduled to commence in 2017.

KEY 2017 CAPITAL PROJECTS

In addition to the goals that the District is set to accomplish, the following significant capital improvement projects will take place in 2017:

1. Frontier Sports Complex Improvements (Phase II)

Phase II of the Frontier Sports Complex Improvements includes completing the renovation of the east side athletic fields and irrigation systems. These improvements are part of a two-year project at Frontier Sports Complex. In 2016, the District added a new restroom building, parking lot and an ADA accessible pathway and renovated a portion of the east side fields and irrigation systems.

2. Knoch Park Central Maintenance Facility Redevelopment

Construction of the Knoch Park Central Maintenance Facility will continue, with a goal of substantial completion by summer 2017. Demolition of the Barn Recreation Center and adjacent maintenance building formerly located on this site took place in mid-2016. Commencement of construction for the new Central Maintenance Facility soon followed.

3. Playground Renovations

In 2017, the existing playgrounds at the following locations are slated for renovation: Columbia Estates Park, Country Lakes Park, Huntington Ridge Park, Pembroke Commons and Summerfield Lake Park. The playground at Ranch View Elementary School also will be renovated through a cooperative cost-sharing agreement with Naperville Community Unit School District 203.
