

Dear Naperville Gardeners,

The Naperville Park District recently completed a survey of gardeners who participated in the 2008 garden plots program. An Executive Summary of the survey results has been added to the Park District website at the links provided below. In addition, residents who participated in each of the three Community Engagement Meetings hosted by the Park District and School District 203 were asked to give their thoughts using comment forms provided at each meeting. A list of the comments received has also been added to the website.

The survey Executive Summary, a copy of the survey, and Community Engagement Meeting comments may be viewed at the following links:
