

At the September 24, 2009 Naperville Park District Board of Commissioners meeting, the Park Board voted to not accept the construction contract for the development of garden plots at DuPage River Park. At this time, the construction of garden plots at DuPage River Park and development of Option 1A at the West Street Community Garden Plots have been placed on hold until further direction from the Park Board. Updates regarding the projects will continue to be communicated via e-mail and posted on the Park District website when new information becomes available.
