VII. Updates and Reports
   A. Millennium Carillon Foundation Update – Gerry Heide
      • The donor plaque will be erected as presented at our last meeting. Large bronze plaque
      • City has called its note. 1.8 million dollars will come due. The foundation will look at all assets and will be looking at general fund raising options.

   B. Riverwalk Update – Marie Todd
      • Riverwalk clean up April 17th. Meet at the Dandelion fountain at 9am.

   C. Finance Committee Update - Marie Todd/Suzanne Hart
      • RFP will be sent out for the auditor to be sent out in June and will be sent to 10 firms.

   D. Legislative Committee Update – Suzanne Hart/Ron Ory
      • Since last fall they have been working on short list. We are in contact with IAPD with our state legislators on these initiatives. We need the same ability. The committee refused to send the bill to the floor. The next step Representative Connelly also introduced bill to FOIA bill to exempt release of program information list.

   E. Parks and Recreation Committee Update– Kirsten Young/Mike Reilly
      • No report – will be meeting on April 16th.

   F. Strategic Planning Committee Update– Gerry Heide/Ron Ory
      • Permanently link each goal to a standing committee. Board action is required to make it permanent

   G. Golf Committee – Marie Todd/Mike Reilly
      • No report – will be meeting on April 19th

   H. Board President Update – Mike Reilly
      • As I related in my March report to the board, one of my goals as president was to link each goal in the strategic plan to a board committee to facilitate joint staff and board development of methods to reach the various objectives. That
work was largely completed shortly after the March 11th meeting.

- However, one strategic plan goal - #3 “Develop a non-tax revenue model and plan” - didn't fit quite as neatly into the existing committee structure as the other goals. Therefore tonight we have an agenda item to consider the establishment of a Parks Foundation Committee which could shepherd this goal. It is very important to note, however, that if a parks foundation is created it must be independent of the Naperville Park District. Our role would merely be to put this concept forward. If it develops sufficient interest in the community, then those interested citizens would organize and run it – separate from the park district board or staff leadership team.

- Finally, on behalf of all the commissioners, I want to again congratulate two Naperville young adults who epitomize what dedication to a clear goal at a very young age can mean. Of course I’m talking about Evan Lysacek and Molly Schaus. Evan won a gold medal in this year’s Olympic men’s figure skating competition and Molly earned a silver medal as a goalie for the women’s hockey team. I had the opportunity to interact with both of them as Naperville celebrated Evan Lysacek Day on March 26th and Molly Schaus Day on April 3rd and I can safely say that they both are excellent ambassadors for Naperville.

I. Executive Director Update – Ray McGury

- Hosting community open house for Meadow Glens Park renovations to apply for an OSLAD grant. Public input important in this process.
- NPD represented at Parks Day in Springfield talking with legislators.
- Experience The Thrill of the Chill preseason plunge. Sunday May 16th. Kick off the beach season a little early. Commemorative buttons will be distributed. We will be raffling 2010 beach membership.

**X. Unfinished Business**
*Items that were tabled to this Meeting or Items removed from the consent agenda are considered here.*

**A. White Eagle Park 2010 Playground Renovation**

**Action and Motion Requested:**
Commissioner Schaffner moved to award the contract for the White Eagle Park 2010 Playground Renovation project to Fuerte Systems, Inc. in the amount of $145,843.28. Second by Commissioner Hart.

Commissioner Schaffner asked staff to briefly describe consensus building process for this park. Director Shutes said that basically all three parks go through same process.

Commissioner Schaffner asked about the 10% contingency. Director Shutes said that it is fair and reasonable. Commissioner Schaffner said that he will vote for these projects, but this will be the last time that I vote for this contingency. Director Shutes said that 10% is primarily for playground renovation. We present this beforehand even though Ordinance 640 allows the ED to sign off for a maximum of $20,000. So each of these change orders would not have to be brought to the board. Commissioner Ory feels we should sharpen our pencils when do a bid. Commissioner Todd said that when she first joined the board the number of projects completed each year was low. In order to increase productivity this process was put in place I think that 100% of projects are being finished. All our A projects are being completed on a regular basis. I don’t think that staff is squandering funds and they are doing everything in their power to get it done in a timely manner. We have demonstrated over the years that this is something that works. Commissioner Hart said that this process keeps things more transparent. The Nike project is an excellent example of this.

**Roll Call Vote on Motion:**
- **YES:** Schaffner, Hart, Ory, Todd, Young, Heide
- **NO:** None
- **ABSENT:** None
- **ABSTAIN:** Reilly

(Motion Declared Carried)

**B. Kroehler Park 2010 Playground Renovation**
**Action and Motion Requested:**
Commissioner Schaffner moved to award the contract for the Kroehler Park 2010 Playground Renovation project to M/M Peters Construction, Inc. in the amount of $137,070. Second by Commissioner Ory.

Commissioner Ory asked when this park was last renovated. He also asked if we are going to reclaim and reuse equipment if possible. Director Shutes said that the parts that are still within code will be reused. Commissioner Schaffner mentioned that after walking the neighborhood he found that Little Friends is a heavy user of this park. He wants to be sure that we make this a safe place to play for children with special needs. He was happy to find out that there are a lot of young families who will use this park.

**Roll Call Vote on Motion:**
YES: Schaffner, Ory, Hart, Todd, Young, Heide, Reilly
NO: None
ABSENT: None
(Motion Declared Carried)

**Action and Motion Requested:**
Commissioner Schaffner moved to award the contract for the Willowgate Square 2010 Playground Renovation project to Fuerte Systems, Inc. in the amount of $147,605. Second by Commissioner Hart.

Commissioner Schaffner walked through this neighborhood as well. Initially he had reservations about the number of children in this neighborhood. Residents mentioned that they had trouble with teen agers going to Convenience Store. Definitely needs to be replaced

YES: Schaffner, Hart, Ory, Todd, Young, Heide, Reilly
NO: None

D. WDSRA Intergovernmental Agreement

**Action and Motion Requested:**
Commissioner Schaffner moved to approve Resolution 2010-02, authorizing Intergovernmental Agreements between Western DuPage Special Recreation Association and the Glen Ellyn Park District. Second by Commissioner Ory.

Commissioner Ory commented that periodically we look at different vendors. It has been at least 10 years since we have looked at our agreement with WDSRA. Not quite fair for our tax payers and it looks like we are paying a misappropriate share. I am not sure we are getting equal
services for what we are paying. Commissioner Schaffner said that he will support this as he thinks that our residents will go out to Glen Ellyn. I would like at the staff level we would have a chat with the other members and let them know that they have to start putting money into Naperville. Commissioner Hart said that she is behind this as there is a need. She is not in favor of the process as to how we got to this place. We need indoor space to accommodate our residents. We should have more of a say. We should change that direction in the future.

Roll Call Vote on Motion:
YES: Schaffner, Hart, Todd, Young, Heide, Reilly
NO: Ory
ABSENT: None
(Motion Declared Carried)
