

Splash Pad Guidelines

Naperville Park District splash pads operate under guidelines set forth by the Illinois Department of Public Health (IDPH). The following guidelines are in addition to all other Naperville Park District Splash Pad rules posted at the facility.

SELF-ASSESSMENT: Participants must conduct a self-assessment daily and not visit the facility or attend a Park District program if they are ill or exhibiting symptoms of COVID-19.

FACE COVERINGS: Per Executive Order issued by the Governor on May 17, 2021, individuals who have been fully vaccinated for COVID-19 are no longer required to wear face coverings while visiting Naperville Park District parks, programs or facilities (both indoors and outdoors). Any individual who is not fully vaccinated and who is over the age of two and able to medically tolerate a face covering, is required to cover their nose and mouth with a face covering when in a public place, unable to maintain a six-foot social distance, and when not engaged in swimming activities. Exceptions can be made for children younger than 2 years of age or people with medical conditions or disabilities that prevent them from safely wearing a face covering.

CAPACITY: The splash pad maximum capacity is 100 people.

SOCIAL DISTANCE: Practice social distancing. Stay at least 6 feet (about 2 arms' lengths) from other people who do not reside in your household.

RESTROOMS: To limit the number of people using the restrooms/changing areas, participants are encouraged to arrive at the facility dressed for the splash pad, with plans to leave the facility in swim attire that can be changed at home.

Public restrooms within parks are cleaned at minimum once daily using EPA-registered disinfectants, particularly on high-touch surfaces such as faucets, toilets, doorknobs and light switches.

Participants are encouraged to wash hands before, during, and after their visit.

In the event that these and other applicable rules are not followed, the Naperville Park District may CLOSE this facility.
