Allergies/Asthma/Seizures/Medication/Medical Condition

If your child has allergies, asthma, seizures or a medical condition that we need to be aware of please fill out the medical section on the Child’s Information Card. If you are planning on leaving an EPI-Pen, Benadryl or inhaler fill out the Illinois Food Allergy Emergency Action Plan and Treatment Authorization Form. This form must be signed by a physician and completed before you may leave any medication.

In order for you and your child’s teachers to have enough time to discuss and review your child’s allergies, asthma, seizures, medication or medical condition, you are required to attend a health meeting. Individual health meetings will take place on September 3, 2019 and September 4, 2019 from 9 am to noon. Please email Sara Cass at scass@napervilleparks.org to schedule a meeting.

Please bring your child’s completed Illinois Food Allergy Emergency Action Plan and Treatment Authorization Form or Seizure Action Plan along with a signed Dispensing of Medication Waiver and Release (if applicable). These forms can be found in your Welcome Folder and on the park district website: www.napervilleparks.org/preschool. It is important that you bring your child’s medication to the meeting. Medication needs to be in its original container with correct dosage and child’s full name.

You do not need to complete these forms if your child does not have allergies, asthma or a seizure disorder. Seasonal allergies, please fill out the medical section on the Child’s Information Card only. No meeting or form needed for seasonal allergies. Thanks!
