**RE: Virtual Community Outreach Initiative: Clow Creek Greenway – Shoreline Restoration**

Dear Naperville Park District Resident,

The Naperville Park District is conducting a virtual community outreach initiative to inform residents about improvements planned for 2024. This letter is to inform you of a project proposed in your area at Clow Creek Greenway.

The shoreline of the creek running through the greenway is not healthy and is eroding into the waterway. Invasive plant material, including trees, will be removed, the slopes stabilized and native vegetation planted to hold the shoreline soil in place. This is the latest phase of work within the greenway. In 2024 the focus will be from Pradel Drive west to the pond. The eastern portion of the creek, Pradel Road to Book Road, was stabilized in the past few years and the ponds to the west were completed in 2017.

A map of Clow Creek Greenway is included on the reverse side of this letter. Any comments or questions regarding the work planned for 2024 can be directed to me via the email address or phone number provided below. The comment period continues until noon on Wednesday, August 2, 2023.

A list of all projects included in this virtual community outreach initiative is available on our website at [www.napervilleparks.org/improvements](http://www.napervilleparks.org/improvements). Once the outreach period concludes, staff will review and consider the comments provided to assist with formulating final project plans.

We appreciate your time and input!

Sincerely,

Peggy Motta, PLA  
Project Manager
