RE: Virtual Community Outreach Initiative: South Pointe Park – Playground Renovation

Dear Naperville Park District Resident,

The Naperville Park District is conducting a virtual community outreach initiative to inform residents about improvements planned for 2024. This letter is to inform you of a project proposed in your area at South Pointe Park.

The Park District plans to renovate the playground at South Pointe Park in 2024. The playground equipment, engineered wood fiber surfacing and site furniture will be fully replaced. Landscape updates to the surrounding play area are also proposed. While detailed designs have not been developed at this time, the Park District will provide an opportunity later this year or early next year for interested residents to help select new playground equipment through an online review process. If you would like to be involved in the review process, please provide me with your email address.

A map of South Pointe Park is included on the reverse side of this letter. Any comments or questions regarding the work planned for 2024 can be directed to me via the email address or phone number provided below. The comment period continues until noon on Wednesday, August 2, 2023.

A list of all projects included in this virtual community outreach initiative is available on our website at www.napervilleparks.org/improvements. Once the outreach period concludes, staff will review and consider the comments provided to assist with formulating final project plans.

We appreciate your time and input!

Sincerely,

Jessica Burgdorf, PLA
Project Manager
