**RE: Virtual Community Outreach Initiative: Winding Creek Park – Playground Renovation and Basketball Court Development**

Dear Naperville Park District Resident,

The Naperville Park District is conducting a virtual community outreach initiative to inform residents about improvements planned for 2024. This letter is to inform you of projects proposed in your area at Winding Creek Park.

The Park District plans to renovate the playground at Winding Creek Park in 2024. The playground equipment, engineered wood fiber surfacing and site furniture will be fully replaced. Additionally, in order to provide permanent, accessible shade, a picnic shelter and two tables are proposed near the play area. While detailed designs have not been developed at this time, the Park District will provide an opportunity later this year or early next year for interested residents to help select new playground equipment through an online review process. If you would like to be involved in the review process, please provide me with your email address.

Per resident requests, the Park District also plans to consider a basketball court development in 2024. One basketball court is proposed near the existing parking lot and playground and no lighting is permitted. As part of the decision process, the Park District wishes to ensure the Winding Creek community will embrace the basketball court development.

A map of Winding Creek Park is included on the reverse side of this letter. Any comments or questions regarding the work planned for 2024 can be directed to me via the email address or phone number provided below. The comment period continues until noon on Wednesday, August 2, 2023.

A list of all projects included in this virtual community outreach initiative is available on our website at [www.napervilleparks.org/improvements](http://www.napervilleparks.org/improvements). Once the outreach period concludes, staff will review and consider the comments provided to assist with formulating final project plans.

We appreciate your time and input!

Sincerely,

Jessica Burgdorf, PLA
